SKI RESORT

The little charming village La Bresse became a resort 50 years ago.

Sitting right in the heart of the Natural Park "Ballon des Vosges", La Bresse boasts the largest ski area of the Vosges mountain range (60 miles) and features many other activities.

LEISURE ACTIVITIES:

- The biggest skiing area of the Northern east part of France
- Cross country skiing, night and dawn skiing, snowshoeing...
- Schlitte Mountain
- Ski-in ski-out resort

- WAOULAND : Sledding areas 100 % funny, accessible to all, to vary pleasures in a "crazy" universe. The principle: tumble down the slope on a route strewn with natural obstacles, springboards, banked corners, whoops.

- LA SCHLITTE MOUNTAIN : The most recent generation of all-seasons sleds. Inspired by theme parks such as a Snow Mountain Twister, this sled on rails invites the young and old on crazy rides, winter and summer. On a track of 900 m, alternating banked turns, waves, jumps and 340° spins will make you shiver with pleasure.

- Ice rink, cross-country skiing, snowshoe, pedestrian paths, sledging strips, snowtubing, snakeglisse, husky, sled with oxen, game library, wellness resort, tennis inside, bowling, cinema, library...

RESORT'S ADVANTAGES

- > "Famille plus" labelled resort
- > The biggest skiing area of the Northern east part of France
